

CORPORATE AUTHORIZATION

Authorization of “DApps Platform USA” for United States Market Operations

DApps Platform Inc.

a Delaware corporation

California Entity / File Number: **4190391 (C4190391)**

548 Market St, PMB 96630

San Francisco, California 94104

United States

Effective Date: September 3, 2026

RECITALS

WHEREAS, **DApps Platform Inc.** (the “Company”) is a corporation organized and existing under the laws of the State of Delaware;

WHEREAS, the Company conducts and/or intends to conduct business activities in the United States relating to digital wallets, Web3 technologies, blockchain-related products and services, software, technology, business development, marketing, customer support, recruiting, partnerships, and related commercial activities;

WHEREAS, the Company wishes to establish and authorize “**DApps Platform USA**” as the Company’s designated business and market-facing brand for its United States market activities;

NOW, THEREFORE, the Company hereby adopts and authorizes the following:

1. AUTHORIZATION OF DAPPS PLATFORM USA

DApps Platform Inc. hereby authorizes “**DApps Platform USA**” to be used as the Company’s designated business and market-facing brand for activities directed toward the United States market.

“DApps Platform USA” is authorized to represent the Company in connection with U.S. business development, marketing, partnerships, recruiting, customer and business communications, vendor relationships, and other activities approved by the Company.

Unless separately incorporated or otherwise expressly designated in a written instrument of the Company, “**DApps Platform USA**” is a business brand, trade name, or operating designation of DApps Platform Inc. and does not constitute a separate legal entity.

2. SCOPE OF BRAND USE

The Company authorizes the use of the **DApps Platform USA** name and associated branding in connection with:

1. U.S. market development and business operations;
2. Websites, landing pages, social media, marketing materials, presentations, and business communications;
3. Recruitment and employment-related communications;
4. Vendor, contractor, consultant, and partner communications;
5. Business development and commercial negotiations;
6. Customer support and U.S. market-facing communications; and
7. Other activities specifically approved by an authorized officer of the Company.

The use of the DApps Platform USA brand shall not create the impression that DApps Platform USA is a separate corporation, partnership, or other legal entity unless the Company expressly establishes such entity and provides written authorization to that effect.

3. RECRUITMENT AND PERSONNEL ACTIVITIES

DApps Platform USA is authorized to conduct and coordinate recruitment activities for positions supporting the Company's United States market operations, including advertising employment opportunities, communicating with candidates, conducting interviews and evaluations, coordinating onboarding, engaging recruiters, and other authorized talent-acquisition activities.

Unless a separate U.S. legal entity is expressly designated by the Company, **employment offers, employment agreements, contractor agreements, and other personnel documents shall identify the appropriate legal contracting entity as DApps Platform Inc.**

DApps Platform USA may be identified in such documents as the applicable U.S. business brand, operating designation, department, or market-facing brand, as appropriate.

4. CONTRACTING AUTHORITY

DApps Platform USA is authorized to facilitate, negotiate, and administer commercial agreements relating to the Company's United States business activities.

However, **the legal contracting party shall be DApps Platform Inc. unless another legal entity is expressly identified and authorized in writing by the Company.**

Contracts, purchase orders, statements of work, vendor agreements, consulting agreements, partnership agreements, employment agreements, and other legally binding instruments shall be executed by officers or other representatives who have been duly authorized by DApps Platform Inc.

Use of the DApps Platform USA name or branding on business communications or commercial materials shall not, by itself, constitute authority for an individual to bind the Company.

5. TRUST WALLET TRADEMARK AND PRODUCT NAME

The Company authorizes DApps Platform USA, solely for legitimate United States market activities conducted on behalf of or in connection with the Company, to reference and use the **"Trust Wallet"** trademark and related Trust Wallet product names, logos, service names, and other approved brand assets, subject to the Company's applicable brand guidelines and any applicable trademark ownership, licensing, or usage requirements.

Nothing in this authorization transfers ownership of any Trust Wallet trademark, copyright, software, domain name, or other intellectual property to DApps Platform USA. All intellectual property rights remain with their respective legal owner(s).

6. LIMITATIONS ON BRAND AND TRADEMARK USE

DApps Platform USA and its authorized representatives shall not transfer or assign Company intellectual property; register names or accounts inconsistently with Company authorization; represent DApps Platform USA as independently incorporated when acting solely as a brand or operating designation; bind DApps Platform Inc. without appropriate authorization; materially alter Trust Wallet trademarks without approval; or use Company intellectual property for unauthorized purposes.

7. REPRESENTATION TO THIRD PARTIES

For U.S. market-facing activities, authorized representatives may state that:

"DApps Platform USA is the U.S. market-facing business brand and operating designation of DApps Platform Inc., a Delaware corporation."

Where appropriate, the legal entity name **DApps Platform Inc.** shall be used on contracts, tax documents, regulatory documents, employment agreements, invoices, banking documents, and other documents requiring identification of the legal entity.

8. AUTHORIZED REPRESENTATIVES

The following officers or representatives are authorized to implement this Corporate Authorization and to execute documents necessary to carry out the purposes described herein:

Corporate Authorization Certifying Officer:

Name: Ruediger Juergen Krieger

Title: Chief Executive Officer, DApps Platform Inc.

U.S. Executive Employment Agreement Signatory:

Name: Sienna Lin

Title: Interim Chief Executive Officer, DApps Platform USA

Capacity: Authorized Representative of DApps Platform Inc.

Sienna Lin is authorized, in the stated capacity, to execute U.S. executive employment agreements on behalf of DApps Platform Inc. for positions within DApps Platform USA, subject to applicable Company approvals and the terms of this Corporate Authorization.

Additional authorized representatives may be designated by written authorization of the Company.

9. RATIFICATION

All actions previously taken by duly authorized representatives of DApps Platform Inc. that are consistent with the purposes and authority described in this Corporate Authorization are hereby ratified and approved to the extent permitted by applicable law.

10. TERM AND REVOCATION

This Corporate Authorization shall remain effective until revoked, amended, or superseded by DApps Platform Inc. in writing. The Company reserves the right to modify or revoke any authorization contained herein at any time.

11. GOVERNING LAW

This Corporate Authorization shall be interpreted in accordance with the laws applicable to **DApps Platform Inc. as a Delaware corporation**, without limiting any mandatory laws applicable to activities conducted in the United States.

CERTIFICATION

The undersigned, being a duly authorized officer of **DApps Platform Inc.**, hereby certifies that the foregoing Corporate Authorization, including the authority stated above for Sienna Lin to execute U.S. executive employment agreements in her stated capacity, has been duly authorized by the Company and is in full force and effect as of the Effective Date stated above.
